

THE EVENING BULLETIN.

VOLUME X.

MAYSVILLE, KY., FRIDAY, JANUARY 16, 1891.

NUMBER 46.

HOUSE AND SENATE.

Proceedings of Both Branches of Congress.

THE FREE COINAGE SILVER BILL.

It is Received in the House and Referred to the Committee on Coinage, Weights and Measures—Routine Business and the Election Bill Occupies the Time in the Senate—Other Washington Dispatches.

WASHINGTON, Jan. 16.—The house yesterday devoted most of its session to a discussion of conference reports on public building bills. The reports for buildings at Portland, Ore., Sioux Falls, S. Dak., Mankato, Minn., and St. Albans, Vt., were agreed to.

The speaker appointed Messrs. Dingley, Payne, Rowell, Oates and Peel a committee to investigate the alleged silver pool. The free coinage silver bill was received by the house and sent to the speaker's table and subsequently referred to the committee on coinage, weights and measures.

The District of Columbia appropriation bill was taken up in committee of the whole, and after remarks by Mr. Clements commending its provisions, the house adjourned.

After routine business in the senate, the elections bill was considered, and Mr. Everts addressed the senate in its support. Mr. Hoar gave notice that at noon to-day, he would ask the senate to remain in session until the disposal of the bill. The senate then went into executive session, and soon afterwards adjourned.

All Foreign Cattle to Be Inspected.

WASHINGTON, Jan. 16.—Secretary Windom has decided that all foreign cattle imported into the United States, whether for consumption or transit, must undergo a veterinary inspection by the officers of the agricultural department. This rule does not apply to American cattle passing through Canada in bond, whether intended for domestic consumption or export. An investigation as to remissness in inspecting cattle at Plattsburg, N. Y., has been ordered by the treasury department.

Presidential Nominations.

WASHINGTON, Jan. 16.—The president sent to the senate yesterday the following nominations: A. C. Bishop, of Utah, to be judge of probate in Weber county, Utah. Also, the following postmasters: H. Gibson, at Tiffin, O.; W. A. Hunt, at St. Clairsville, O.; John Brown, at Bridgeport, O.; W. Howard Anderson, at Barnesville, O.; Mary S. Mong, at Minerva, O., and G. L. Martin, at Attica, Ind.

Amendments to the Election Bill.

WASHINGTON, Jan. 16.—Several proposed amendments to the election bill were submitted in the senate yesterday by Mr. Pasco. The amendments provide that no petition for Federal supervision shall be of any effect unless one of the petitioners is a candidate for congress; that hearings on the petitions shall be held, and that no chief supervisor shall hold any other public office.

Placed on the Retired List.

WASHINGTON, Jan. 16.—Gen. S. V. Benet, chief of the bureau of ordnance, war department, was yesterday placed on the retired list of the army. His services in the army extended over a period of forty-six years, seventeen years of which he filled the position of chief of ordnance.

REGULATING IMMIGRATION.

Aliens to Be Refused Admission to the United States.

WASHINGTON, Jan. 16.—Mr. Owen, of Indiana, chairman of the committee on immigration, has reported to the house, with a recommendation that it pass, a substitute for the bill introduced by himself, providing for the regulation of immigration.

The bill is reported as agreed upon by the committee after a careful consideration of the testimony taken by it on the subject. It provides that the following classes of aliens shall be excluded from admission into the United States in accordance with the existing laws regulating immigration other than those respecting Chinese laborers. All idiots, insane persons, paupers or persons likely to become a public charge; persons who have been convicted of felony or other crimes involving moral turpitude; polygamists and all other persons whose tickets or passage is paid for with the money of another, or who is assisted by others to come, unless it is affirmatively and satisfactorily shown on special inquiry that such persons do not belong to one of the foregoing classes.

The bill amends the contract labor law so as to apply to persons coming to the United States, in response to advertisements induced to come by immigration agents. Ministers and men in recognized professions are specially exempted. The bill requires steamship companies to keep immigrants on board until landed at the barge office for inspection and examination on penalty of not being given clearance papers, and also compels them to care for and return the rejected immigrants. There is no provision for railway inspection.

Mr. Owen says the bill is conservative and designed to keep out assisted and induced immigration, but not to include persons who will make desirable citizens.

Ex-Governor Thayer Surrenders.

LINCOLN, Neb., Jan. 16.—In accordance with the action of the board of public lands and buildings, ex-Governor Thayer yesterday surrendered possession of the executive apartments, but under protest, and Governor Boyd took possession of the rooms.

CHILI PORT BLOCKADED.

The Rebels Attempt to Interrupt the Nitrate Trade.

LONDON, Jan. 16.—A dispatch received here from Valparaiso yesterday states that the Chilean men-of-war had given notice that they would begin a blockade of the port of Iquique on Jan. 20. The importation of provisions into Iquique has already been stopped.

Additional dispatches later in the day say that the rebels have declared the ports of Chili blockaded in order to interrupt the nitrate trade.

Object of the Revolt.

NEW YORK, Jan. 16.—Charles R. Flint & Company received a cablegram last night via London as follows: "Blockade of the port of Iquique ordered for the 20th inst."

Charles R. Flint, who is the Chilean consul in this city, could not say positively why the port was to be blockaded. The government, he said, derives its largest income from the export tax on nitrate of soda and he thought the three vessels of Chilean navy which revolted might blockade that port in order to prevent the collection by the Balmaceda administration of the nitrate of soda tax.

The nitrate of soda market, owing to this news, is advancing rapidly in London and New York.

Mr. Flint says he does not think any attempt will be made on the part of the opposition to overthrow the existing government, but a strong pressure will be brought to bear upon Balmaceda to carry out the wishes of the legislative branches of the government.

MURDER WILL OUT.

A Shanty Boat Mystery Cleared Up by a Confession.

LAWRENCEBURG, Ind., Jan. 16.—Bert Rusk has confessed that Keys killed William Fee, the victim of the shanty-boat mystery here last summer. Keys is in the Burlington, Ky., jail across the river. Indications are that a mob will try to lynch him.

Last summer Keys married a young lady residing in Pendleton, O., a suburb of Cincinnati. The couple, fearing opposition from her people, fixed up a shanty-boat in which to elope. Her people finally consented to the match, and the young people then took the shanty-boat as a convenient thing in which to make their wedding journey. They invited Rusk to be one of the party. William Fee was introduced to Mrs. Keys under a false name, because the boys know him to be of a somewhat disreputable character, and knew that Mrs. Keys had fear of him.

The party reached Lawrenceburg and remained there for some days. One afternoon Fee disappeared. They said he had left several days before. Young, a saddler, informed the authorities that he had heard shots across the river the night Fee was first missed. Fee's body was found on the Kentucky shore a few days later, and the shanty-boat people were arrested. Mrs. Keys was released. Her husband and Rusk have been in the Burlington jail ever since.

LIKE A FROG.

Strange Human Birth in an Indiana Family.

PETERSBURG, Ind., Jan. 16.—A child born here to unknown parents is now in possession of Dr. J. B. Duncan, the attending accoucher, and appears to have no cervical vertebra. The ears are on top of the shoulders, and there is no neck at all. The skull seems to be spread out, letting the base of the brain rest on the top and back of the shoulders. The eyes are open, are abnormally large, are wide apart, and are situated in the top of the head.

The mouth, face, and body are those of a frog. Indeed it is more nearly a frog than a child. The umbilicus is attached to a tumor, and the back, from the head to the shoulders, is one mass of flesh. It is one of those unnatural products that some accouchers claim to be "birth-marks."

BABY COOKED IN SOUP.

Into a Caldron of Macaroni, Which Was Being Boiled for a Wedding Feast.

ERIE, Pa., Jan. 16.—A wedding feast at the residence of Mr. Michael Susanno, in the Italian quarter of the city, at which Louis Marinillo and his bride were the principals, met with a distressing termination Wednesday. While the bride and groom were receiving the congratulations of the guests, Antonne, the baby son of the host, wandered around in the kitchen and fell into a caldron of macaroni soup, and was cooked to death before he could be rescued.

Two Councilmen Claiming One Seat.

DECATUR, Ind., Jan. 16.—Trouble is expected at the next meeting of the municipal council here. Emanuel Woods, a councilman from the Second ward, went west last summer to look after personal interests, and word having reached the council that he expected to remain, Woods's seat was declared vacant, and at the special election in October, George W. Roop was elected to fill the place. Woods has returned to Decatur, and expresses his intention to be at the next meeting of the assembly and act in the capacity of councilman.

Struck by Trains.

GREENSBURG, Pa., Jan. 16.—Two unknown persons supposed to be tramps, were struck by a train at New Florence yesterday morning at 3 o'clock and instantly killed. About the same time James McFall, of Connellsville, was struck by the limited express east at Irwin and killed.

Escaped Desperado Recaptured.

TUCSON, Ariz., Jan. 16.—Juan Castillo, one of the convicts who broke jail Nov. 30, was recaptured Tuesday evening, leaving Gila Bend, by Officer Perrin. He was well armed and resisted arrest. He was shot through the leg and will probably die.

SIoux WAR OVER.

All the Hostiles Into Pine Ridge Agency.

THEIR WAR PAINT REMOVED.

The Task of Disarming the Warriors Already Begun by the Chiefs and by Them Brought to Division Headquarters—A Delegation of Sioux Indians Will Visit Washington.

PINE RIDGE AGENCY, S. Dak., Jan. 16.—The Sioux outbreak of 1890-91 is over. There may be, and probably will be, trouble with a few small detached bands of hostiles, but the great majority of those who revolted against the authority of the United States government have removed their war paint, and are camped near the friendly Indians to the southwest of the agency, just across White Clay creek.

Wednesday Gen. Miles held a final council with the hostile Brules and Ogallala chiefs, and the results of the conference became apparent yesterday morning. Shortly after daybreak a mist obscured the hostile camp so that no one at the agency could see what was being done in the valley, but shortly after 8 o'clock there emerged from the mist the advance guard of the biggest aggregation of warlike Indians this country is likely ever to see.

Some of the vanquished were cheerful. There was a prospect of sufficient food, but the large portion had a morose and vicious appearance. They had unwillingly surrendered their right to be as savage as was possible in the face of an army that was large enough and willing enough to wipe them out of existence.

There will be no repetition of the Wounded Knee affair. Instead of giving the troops the task of disarming the warriors the work will be done by the chiefs. Contact with the soldiers within several days will certainly precipitate a fight, so Gen. Miles insists that each chief bring the arms of his band. The guns are being loaded into wagons in the hostile camp, and will be turned over at division headquarters.

Hostiles to Visit Washington.

WASHINGTON, Jan. 16.—The following important telegrams, bearing on Indian matters, were made public yesterday at the war department. Secretary Proctor's telegram was sent to Gen. Miles at 2 p. m. yesterday:

PINE RIDGE, S. Dak., Jan. 15. To Secretary of War:

In order to restore entire confidence among these Indians, I have found it necessary to send a delegation to Washington to receive assurance of the higher authority of the good intentions of the government toward them. This will answer a double purpose, namely, satisfy them, bridge over the transition period between war and peace, dispel distrust and hostility and restore confidence. It will also be a permanent guarantee of peace while they are absent. I ask that my action may receive the approval of the department by telegraph. Everything is progressing satisfactorily, and I can see no reason why perfect peace should not be established.

N. A. MILES, Major (General) Commanding.

WASHINGTON, Jan. 15.

Gen. Miles, Major General Commanding, Pine Ridge:

The secretary of war has conferred with the president and the secretary of the interior in regard to your proposal to send a delegation of the Sioux chiefs to Washington and they approve of your recommendation. The secretary of the interior has sent an agent to conduct them. It is desired that the delegation be as small as possible, five or six, or not more than ten. If the delegation has already started, telegraph at once, number, route, and commanding officer.

SAMUEL BECK, Assistant Adjutant General.

SHE BELIEVES HIM NOT DEAD.

Pitiful Condition of a Mother Over Her Drowned Son.

BELLAIRE, O., Jan. 16.—A remarkable state of affairs has been brought to light in the southern part of this county. Last Sunday a week ago Mrs. Negard, a widow, contrary to her custom and belief, made and baked bread. She sent her son out to make a hole in the frozen creek, so that the stock could drink, but while at work he took a fit and fell, face down, in the pool and was drowned before he was found by his mother.

She succeeded in getting him into the house and had him laid out in bed, where he has remained ever since. She claims that he is not dead, but that God had put him in that condition as a punishment upon them for the work they did Sunday. She allows the neighbors to call and look at him, but will not allow them to stay over night. She says he will soon come back to her again.

Has Slept for Three Weeks.

EAU CLAIRE, Wis., Jan. 16.—Mrs. Melvina White, wife of a farmer of the town of Wheaton, has been asleep for three weeks and all efforts to awaken her have been in vain. She had been suffering from nervous prostration for some time. Several physicians from the city have been called from time to time, but the case has puzzled them all. The sleeping woman has scarcely received any nourishment during the period of somnolence, being forced occasionally to swallow a little milk. It is believed she can not long survive.

Carpets, Curtains and Laces Burned.

PEORIA, Ill., Jan. 16.—At about 5:30 yesterday morning fire broke out in the large new five-story brick block, at 214 and 216 South Adams street, owned by Dickson & Sandmyer and occupied by W. H. Fay & Company, wholesale and retail carpets, curtains, laces, etc. The loss will be about \$50,000; insurance unknown.

NOMINATING SENATORS.

Illinois Republicans Decide on Richard Oglesby for that Position.

SPRINGFIELD, Ill., Jan. 16.—The Republican senatorial caucus last night nominated ex-Governor Richard Oglesby for United States senator on the first formal ballot. Out of 100 votes cast he received 64 and Senator Farwell 30. The remaining six votes were scattering. The anti-Farwell forces controlled the caucus from beginning to end. The nomination was made unanimous.

The Democrats will not hold a caucus to nominate a candidate for United States senator, as the position is assumed that Gen. John M. Palmer was endorsed by the whole Democratic party of the state by the nomination of the state convention last June. Balloting will commence on the 20th.

To Succeed Senator Blair.

CONCORD, N. H., Jan. 16.—The Republican caucus, to nominate a United States senator to succeed Senator Blair, was held last night. On the second ballot Dr. Jacob H. Gallinger received 120 votes, Henry W. Blair, 48; P. C. Cheney, 13; scattering, 5. The nomination of Gallinger was made unanimous.

CAMERON'S CHANCES.

The Senator Nominated by the Pennsylvania Legislature.

HARRISBURG, Pa., Jan. 15.—Both branches of the legislature, according to custom, proceeded to the nomination of candidates for United States senator, balloting for which will commence on the 20th inst. J. Donald Cameron, the present incumbent, was the only nominee on the Republican side in the senate; State Senator Ross, of Bucks county, and Hon. Chauncey F. Black, of York county, were nominated by the Democrats.

In the house after Cameron, Ross and Black had been nominated, Mr. Maguire, Republican, of Delaware county, placed in nomination Austin L. Taggart, of Montgomery county. Mr. Maguire said he was confident of being able to defeat Cameron now that Taggart was the grangers at his back. Mr. Zeigler, of Adams, nominated William A. Wallace, but afterwards withdrew his name.

A caucus of Democratic senators and representatives has been called for Monday evening next to select a Democratic nominee for United States senator.

TELEGRAPHERS' TROUBLES.

Nearly All Go Out Between Chicago and Milwaukee.

CHICAGO, Jan. 16.—So far about 450 of the station agents and operators of the Chicago, Milwaukee and St. Paul railroad system have sent in their resignations to take effect at once. Along the line, between Prairie Duchien and Milwaukee, it is said there will not be an old man at his post to-morrow.

On the Dubuque division the reports indicate that all the men are determined to fight. On the Council Bluffs and the Iowa and the Minnesota divisions all but a few of the men say they will go out. The operating officers of the road at Milwaukee were advised yesterday that nearly all the operators on the Council Bluffs division had left their places. The vacancies were filled at once with a force the officials had been collecting for several days.

The officials of the road say they will have little trouble filling the vacancies as fast as they are made, but the directors of the strike say that the railroad officers will be surprised at the number of vacancies they will find to-morrow, and they will exhaust their resources long before they are filled.

Entire System Effected.

MINNEAPOLIS, Jan. 16.—A special to The Tribune from Mitchell, S. Dak., says: The Milwaukee railway operators, members of the Order of Railway Telegraphers here, are in receipt of a circular letter from officers of the order, directing that all their members on the Milwaukee system go out at once.

An Air Ship Completed.

MOUNT CARMEL, Ill., Jan. 16.—An air ship has just been completed and successfully worked for James Manning, of Chicago. He pays Mr. Pennington \$100,000 for it. It is thirty feet long and sixteen and a half feet in circumference and weighs one hundred pounds. It will lift 165 pounds and will travel as rapidly as desired. The buoyancy chamber is made of silk and aluminum, the blades, rubber, propeller, car, etc., are made of aluminum. It will be sent by express and will arrive in Chicago Saturday, where it will be exhibited in the exposition building.

Painters' Fearful Fall.

KANSAS CITY, Jan. 16.—A special to The Star from Hiawatha, Kan., says: John Frazier and Charles Darville were seriously hurt yesterday while painting the new First National bank building. They scaffold on which they were working broke, precipitating them to the ground, a distance of thirty feet. Frazier's skull was fractured and it is thought that he cannot live. Darville was badly hurt about the head and his recovery is doubtful.

Will Try It on the Lake Front.

CHICAGO, Jan. 16.—The world's fair directors have reached the conclusion that the world's fair act empowers them to use any part of the lake front for the purpose of the exposition. Architects have been instructed to prepare for five buildings there. If the abutting property owners object, they can go into the courts and make their fight; but the directors believe that they will not be able to stop the work.

Two Men and a Keg of Powder.

PANA, Ill., Jan. 16.—While handling a keg of powder at the Springfield coal mine, two coal miners, named Hill and Smith, were fatally injured by the powder exploding. Sparks from a miner's lamp caused the explosion.

CABLE DISPATCHES.

The Strike in Scotland Growing Critical.

FEARS OF MOB VIOLENCE.

A Collision Between the Strikers and the Police Almost Certain to Take Place. The Company's Property Being Destroyed—Various Other Foreign News.

LONDON, Jan. 16.—The Scotch strike has reached a stage of bitterness beyond which it can scarcely go without producing general mob violence. The strikers are growing desperate, and are forsaking peaceful methods. In a number of cases the rails have been greased so that the trains have come to a standstill, thus adding to the dangers of accident.

The strikers or their sympathizers have also inaugurated a wholesale system of bombardment with stones, car and station windows being smashed, and passengers exposed to injury. It has been found necessary to erect barricades over the engines for the protection of the drivers and stokers, who seem to be the special objects of attack. Everybody is disgusted with the condition of affairs, and the strikers are wearing out the patience of the public. The authorities are in a mood to deal harshly with the disturbers of the peace, and a serious collision between the police and the mob may be looked for, unless the disorderly feature of the strike is abated.

Some Hope for the Russian Jews.

ST. PETERSBURG, Jan. 16.—Notwithstanding the present paramount influence of Vichnegradski, minister of finance, with the czar, not much confidence is yet reposed in the rumor that he has persuaded his master to cease for a time the persecution of the Jews. It is a fact, however, that Russia will soon need an enormous sum of money to undertake the construction of the Siberian railway, of which Vichnegradski is a powerful advocate, and that an appeal will have to be made to British and German as well as French money centers, in all of which the Jews have much influence.

Scourge of Black Death.

ST. PETERSBURG, Jan. 16.—A dispatch from Tobolsk says that the terrible scourge known as "black death" has reached the city of Tobolsk, the capital of West Siberia. The whole of Asiatic Russia from Samarkand to the mouth of the Obi is suffering from the scourge. Thousands are dying at Otdorsk, near the mouth of the Obi, owing to the lack of physicians. It seems almost hopeless to try and check the spread of the fearful disease.

Will Advance Against Hashim Ali.

LONDON, Jan. 16.—Advices from India state that an expedition is being prepared to advance against the Black mountain chief, Hashim Ali, who refuses to submit to British authority, and recently murdered two native soldiers of the British army. In answer to a message from the viceroy, demanding submission, Hashim Ali sent word that he never would recognize "the infidel queera."

Death of a Noted Life-Saver.

LONDON, Jan. 16.—From Portugal comes the news of the death, at the age of 93, of Joaquin Lopez, who saved the lives of many ship-wrecked persons, and was decorated by numerous societies. A short time ago, owing to the feeling against Great Britain in Portugal, he returned three British medals to the societies that presented them.

The Sultan Will Protest.

LONDON, Jan. 16.—Advices from Constantinople state that word has been received there of a proposed French expedition against Ghadames, lying between Tripoli and the Sudan, claiming within the territory of the sultan. The sultan is prepared to protest vigorously should such a movement be undertaken.

Professor Koch's Discovery Made Public.

BERLIN, Jan. 16.—As was announced would be the case, the composition of Professor Koch's curative lymph was yesterday made public by authority. The lymph consists of a glycerine extract obtained by the pure cultivation of tuberculous bacilli.

Suffering for Food and Fire.

LONDON, Jan. 16.—A Berlin dispatch says that rescuing parties have succeeded in reaching the island of Sylt, off the coast of Schleswig, where the utmost misery has existed owing to the ice blockade. Many of the people were without food or fire.

Slavery and Slave Hunting Increasing.

LONDON, Jan. 16.—Eastern advices show that slavery and slave hunting in the countries bordering on the Red sea are increasing, despite the efforts of civilized nations to cause the extinction of the traffic.

Eyraud Must Die.

PARIS, Jan. 16.—The appeal of the murderer, Eyraud, from the sentence of death pronounced upon him for the strangling of the police notary Gouffe, has been rejected.

Earthquakes in Algiers.

ALGIERES, Jan. 16.—Three violent earthquake shocks were felt here yesterday. They were accompanied by subterranean rumblings like peals of thunder.

A Missing Bridegroom.

SPRINGFIELD, O., Jan. 16.—The celebration of Miss Jennie Scurry's wedding came to an abrupt end Wednesday night. A big feast had been prepared; guests were present by the score; the table loaded with presents; the minister ready—but the bridegroom, John Payne, failed to appear, and has not shown up yet. His whereabouts are unknown. She is the daughter of a well known orchestra leader.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

FRIDAY, JANUARY 16, 1891

W. A. MORRIS and Winfield Buckler are prospective candidates for Representative in the next Legislature, from Robertson County.

The Carlisle Mercury hopes Maysville will soon succeed in starting tobacco warehouses. The farmers of Nicholas and all the surrounding counties are interested in this move and should take stock.

NEARLY one hundred amendments were fired into the Con. Con. yesterday, to only one section of the report of the Committee on Revenue and Taxation. Every mother's son of the delegates imagines the convention ought to adopt his views on this subject of taxation.

Truly the New South is making itself felt. The Government is to make a formal test of steel manufactured in Bessemer and Birmingham, and 23 blast furnaces have had to close down in Pittsburgh on account of the importation of steel from the South. We shall look pretty soon for the exportation of woolen nummies from Mobile and pumpkin pies from New Orleans.—St. Louis Chronicle.

If people interested in this subject will investigate it for themselves they will find that the leading advertisers in the Plain Dealer are the merchants who have the best stores, the best assortment of goods and who sell at the most reasonable prices. Such merchants do a much larger business than merchants who do not advertise; consequently they turn their goods over more quickly and can afford to give better prices. Close buyers appreciate this. What is the moral? He who advertises the most judiciously succeeds the best, and the buyers who seek the best bargains patronize such merchants.—Cleveland Plain Dealer.

THE Constitutional convention has at last acted on the clause relative to exemptions from taxation. The section as reported to the convention provided that there shall be exempt from taxation public property used for public purposes, actual places of religious worship, places of burial not held for private or corporate profit, and institutions of purely public charity; and the Legislature was given power to exempt household goods and other personal property of persons with families not to exceed \$250. The section was amended so as to exempt parsonages and other property owned by churches and occupied by a minister or priest, and also a few acres of land adjoining country churches, and a fraction of an acre adjoining those in cities and towns.

DR. CLARDY has formally announced himself as a candidate for Governor, subject to the action of the Democratic party. If it wasn't for the fact that Hon. C. M. Cay, Jr., of Bourbon, will divide the farmer vote with him, the Doctor would be a pretty hard man to beat in the fight for the nomination. He sets forth his views on the questions of the hour as follows:

"1. Reduction of tariff duties to a purely revenue basis—no taxing the many for the benefit of the few. 2. Free and unlimited coinage of silver. 3. Increase of circulating medium to \$50 per capita. 4. Opposed to Force bill. 5. Corporations, like natural persons, must be subject to law; the creature can not be greater than the creator. 6. Favor the extension of our transportation system until the blood of commerce shall flow freely through all parts of our country. 7. Oppose all monopolies and combines for private gain at the expense of the people; but would encourage the investment of capital for the development of our great natural resources. 8. The State government should be administered so as to bring the greatest good to the greatest number. 10. Foster common schools—the State should furnish books at cost."

Plug Tobacco Factory.
Mr. J. S. Willett, of Louisville, has had thirty-five years' experience in the tobacco business. He once lived in this city, but has resided in Louisville for a long while. In a letter this week to the BULLETIN he says: "I believe Maysville to be a good point to manufacture burley tobacco, and Cincinnati is a close market to sell in. There is a nice profit on plug. It will take twelve months to get a good trade. After that good money might be expected. Boston, New York, Portland, (Me.) Philadelphia and Pittsburgh are all splendid points for burley plug, the business to be done through brokers at about one cent per pound. A capital of \$25,000 would be ample for the first year. The business ought to pay the first year at least 10 per cent. I have had thirty-five years' experience in the business and claim that I can make as good tobacco as any one. Can refer you to a number of parties if you should go into the business. Mr. Spalding says get your friends together and see what can be done towards starting a factory there."

THE TOBACCO WAR ON.

The Growers Declare They Will Ignore the Exchange at Louisville.

A special from Louisville Wednesday says: "The final issue of the local tobacco war grows more in doubt as the time for firing the first gun approaches. Both sides are girding themselves for the conflict, and each seems equally confident that the victory will perch upon its particular standard.

"A private meeting of the directors of the new tobacco growers' house was held this morning at the Fifth Avenue Hotel, for the purpose of completing the preliminaries for the formal opening of the two new houses Wednesday week. Mr. M. W. Neal, the Secretary of the new association, was seen in the hotel lobby by a reporter. In reply to a question as to the policy of the new house toward the Louisville Leaf Tobacco Exchange, Mr. Neal said: 'We are going to leave the Exchange and its members alone. We haven't anything to do with them nor they with us in a business way. We are not fighting them at all. We are simply going to run our business to suit ourselves independent of anybody's dictation. We have never made any proposition to the Exchange nor have we received any from the body. We are already receiving tobacco, and we will begin to sell January 27th.'"

The warehousemen are still trying to belittle the movement of the growers, but are no doubt anxiously waiting to see how the opening sale on the 27th will pan out. They say the manufacturers can't buy from the growers without violating the rules of the Exchange. It is reported that Liggett & Myers, the biggest manufacturers in the world, are backing the growers.

In this connection the BULLETIN has been asked to say to the farmers of Mason County, that subscriptions to the stock of the association to establish warehouses here in Maysville will not have to be paid all at one time. A farmer who subscribes \$100 will, most likely, be asked for only \$10 on the first call. The subscriptions will be paid in installments. The aim of the association is to have every farmer take some stock.

It is undoubtedly to their interest to do so. If warehouses are established here, it will be worth thousands of dollars to them annually. The opportunity should not be allowed to pass. Maysville will do her part.

The farmers of Mayslick precinct are reminded that a meeting will be held at Mayslick tomorrow afternoon at 2 o'clock to discuss the matter under consideration.

Testimonial Concert.

The artistic and music-loving portion of our citizens are upon the "qui vive" for the 2nd of Feb., 1891, since upon that date, at the Washington Opera House a coterie of the most cultivated of Maysville's musical talent will assist in a testimonial concert in compliment to Miss Mollie Waltz on her return home from her musical studies in the Conservatory of Music in Cincinnati. Miss Waltz, herself will take part in the concert and the cultivated citizens of Maysville will no doubt throng the hall in encouragement to this gifted young lady.

The object of the concert is altogether worthy and commendable, since it is intended to donate the proceeds to Miss Waltz to aid her in completing her course in the Conservatory. The best musical talent from our city will assist, and the evening will be rendered delightful by the vocal and instrumental expression of the very best music. Many ladies and gentlemen are doing everything to make this compliment to Miss Waltz a brilliant success. All who know her know her to be in every sense worthy of such a testimonial. Those who are best acquainted with her and know something of her musical talent are confident that Maysville will one day be very proud of this charming young soprano. Lovers of music will miss a rare treat if they fail to attend. Tickets for sale at all the drug stores, also at Kackley & McDougle's, Thomas & Bro.'s and at Nelson's. Admission: Parquette and parquette circle, 50 cents; balcony, 35 cents, and gallery, 25 cents.

A Credit to the Convention.

The Con. Con. has concluded its work on the Committee on Elections report, and has done itself great credit. It is now provided that there shall be but one election day for State and municipal affairs, and that shall be the Tuesday after the first Monday in November, in such year as no Presidential election is held, that the vote shall be by secret ballot, and that any corporation attempting to corruptly influence elections shall forfeit its charter. This is good work, and will cover a multitude of sins. It will make a vote free from espionage of the ill natured, the tyrannical and the hummer. It breaks up the quarterly and semi-annual elections which have been a curse to the order loving and decent people of the State.—Paducah News.

Stock and Crops.

The Miami Warehouse at Cincinnati sold one hoghead recently for A. H. Calvert & Bro., this county, at \$23 a hundred.

At the present rate of progress in the size of the strawberry, it will, says an enthusiast, in one or two decades, be as large as the peach.

Scientists say there is no plant that does not serve as food for some animal, but the only article used as food from the mineral kingdom is common salt.

Liggett & Myers manufactured 27,418,266 pounds of plug tobacco last year, about 5,000,000 pounds more than in 1889. The taxes paid the Government last year by this firm amounted to over \$2,000,000.

Louisville Farmers' Journal: "If the Kentucky Tobacco Growers' Association warehouse only sells 50,000 hogheads of tobacco this year, and the hogheads average \$100 each, the saving to the farmer in drayage, fees and commissions, amounts to \$125,000. That's a nice little sum to buy sugar and coffee for the 'old 'oman and the gals.'"

There have been some sales of 1890 crop of burley in the country the past few weeks, and prices generally have been very good. We have heard of a few sales below \$10 per hundred, crop round, and one is reported from Indiana, opposite Carrollton, Ky., at \$15 for 16,000 pounds. Undoubtedly these crops reported as selling from \$10 to \$15 are above the average, but it is a cheerful outlook for planters when the market opens up at such good figures.—Western Tobacco Journal.

Churches and Preachers.

A Christian Church will soon be finished at Middlesborough.

The Paris Kentuckian says Rev. C. S. Lucas of this city will assist Rev. Sweeney in a protracted meeting at that place, commencing the second Sunday in February.

Rev. S. B. Alderson, formerly pastor of the First Presbyterian Church of this city, but now of Washington C. H., O. has received a call to the pastorate of the Presbyterian Church at Pasadena, California, at a salary of \$2,500 a year. He has the matter under consideration.

Rev. Dr. R. C. Cave's non-sectarian church was dedicated in St. Louis Sunday Jan. 11th, Dr. H. W. Thomas, of Chicago, preaching the dedicatory sermon. About a year ago Dr. Cave started out with 41 members, but now there are 101. By hard work the church has achieved almost phenomenal success. Dr. Thomas is at the head of the Liberal Christian Alliance, recently organized in Chicago, and which has for its basis of religion "The fatherhood of God, the brotherhood of man and the spiritual fellowship of Christ," under which to plead for the unfortunates of Christendom. This is similar to the doctrine on which Dr. Cave's church is founded.—Exchange.

River News.

Falling slowly here this morning. A new hull is being built at Levana for the Robert Peebles.

The big Joe B. Williams left Louisville yesterday with 800,000 bushels of coal for New Orleans.

John Seever, of Aberdeen, has succeeded Ira Shaw as pilot of the Ripley ferryboat, Stone Brothers.

Due up to-night: Telegraph for Pomeroy and Andes for Pittsburgh. Down: Hudson this evening and Bonanza to-night.

A Pleasing Sense

Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when costive or bilious. For sale in 50c and \$1 bottles by all leading druggists.

Here and There.

Miss Jennie West, of Cincinnati, is visiting relatives at Washington.

Mr. Bert Gibson is spending a few days at Sharpsburg.

Captain Gus Honshell, of the C. & O. was in town last night.

Miss Jessie Peed has returned home after a visit to relatives at Mt. Sterling.

A Noteworthy Exception.

From the Kimball (S. D.) Graphic: "While the columns of the Graphic are open to any and all unobjectionable advertisements, yet it is quite impossible for us to speak knowingly of the merits of various articles of merchandise advertised. Particularly is this true of patent medicines. But there are exceptions occasionally and a noteworthy exception is the celebrated Chamberlain's Cough Remedy. This now universally known medicine has been advertised in the Graphic for four or five years but not until recently had we any personal knowledge of its wonderful efficacy which has come about through the prevailing influenza and the stubborn cough that has so often attended it. In the writer's family this medicine has on several occasions this winter cured a cough that baffled any and all other medicines; and the number of families in Kimball and vicinity, in which this remedy has been used with like effects, attests to its value as a specific for coughs and colds of every nature." For sale by Power & Reynolds, druggists. 14d12t

ABERDEEN.

Our first attempt on the BULLETIN's staff. Gwynne Bradford, the bright little son of P. N. Bradford, is seriously ill.

Mr. Harry Dion, who was called away by the sad news of his mother's death, has returned.

Frank Case has returned after a prolonged visit at his sister's, Mrs. Gillespie, of Winchester, Ky.

Several of our people are suffering from sore eyes, a disease that is making the rounds successfully.

The "Drummer Boy of Shiloh," which was rendered here last week, will likely be reproduced next week.

The dance at King's the other night was a grand success, and as for those oysters, they must have been "Rocky Points."

Now that the move is on foot to establish a new county, with Aberdeen as the "center of attraction," why not give us a railroad?

There will soon be an ordinance here to prohibit pedestrianism on our streets after 9 o'clock at night. That will just catch the boys.

Miss Beside, the charming daughter of Captain J. C. Power, has after a three-weeks visit here, returned to Delaware, O., where she is attending school.

With as rare talent as there is in this town we ought to have more entertainments. The way the "Drummer Boy" was played is proof that we can if we will.

E. Decker, the famous sign painter and decorator, was around decorating the windows of some of our business men a few days since. That he is a master of his art is evident from an inspection of W. H. Clark's show window.

Partly by force and partly by prayer (?) the M. E. church's new chandeliers have been put in place. Public opinion is predominant that Mrs. Midgall deserves all the credit, for it was through her untiring efforts that money enough was obtained with which to pay for these lamps. And it would have been both proper and lady-like for those who bought these lamps to have consulted Mrs. Midgall before buying instead of doing as they did. I GUESS SO.

OUR NEIGHBORS.

MAYSICK.

Mrs. Mariah Groves is quite poorly at her home with R. D. Chinn.

Eneas Myall went to Paris this week to attend to some business.

G. Myall, son of R. R. Myall of Shawhan Station, arrived here Wednesday evening, having come through on horse back.

J. A. Jackson and son leave next Monday morning to visit his son at Shawhan Station; then to Paris to visit his brother-in-law, H. M. Collins, and then to Cane Ridge to spend a few days with his mother-in-law, Mrs. Mary A. Collins.

HELENA.

R. B. Cord and wife, of Bethel, Bath County, are visiting friends and relatives here.

Miss Jennie Arrasmith, after spending several days with friends here, has returned to her home in Bath County.

Rodney Cord has gone on a business trip to Bethel.

T. L. Best was in Cincinnati this week attending the tobacco sales.

Mat Ross, Corl, aged 18 years, died Monday the 12th, of consumption, after a lingering illness.

S. H. Harrison is moving into the property lately vacated by R. M. Harrison.

George Watkins, of Lewis County, is clerking in S. H. Harrison's store.

R. T. Kirkland has accepted a position with R. M. Harrison, at Bethel, and will leave in a few days for that place.

Though the glory of the ancients has been the envy of their way, Let us think and we enjoyed it. We should all be dead to-day. —Washington Post.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

FOUND.

FOUND—Yesterday, a door key attached to a heart-shaped toy. Call at this office. 119

PROCLAMATION!

In pursuance of the authority vested in me by the charter and ordinances of the City of Maysville, I hereby give notice that any dog or bitch is prohibited from running at large, unmuzzled, in the Streets, Lanes, Alleys, Commons, or other public places within the city for the next sixty days from this date. The owner of any dog or bitch who neglects or refuses to comply with this notice will be prosecuted to the full extent of the law. The penalty is a fine of not less than \$3 nor more than \$10 for every day he shall continue to permit such dog or bitch to run at large, unmuzzled; and the Marshal shall catch such dog or bitch so running at large to be killed.

And the Marshal is also directed to immediately kill any dog or bitch that has been bitten by a dog known to be mad.

E. E. PEARCE, Jr.,
January 12, '91. MAYOR.

Removal.

I have moved to the old "Beehive" building on Sutton street, where I have opened a fine line of China and Glassware, Toys, Lamps, &c. Give me a call. Respectfully, H. OBERSTEIN.

INCOMPREHENSIBLE.

Why you will exchange your old sewing machine and pay a difference of \$40 or \$50 when you can have it repaired and made as good as new? All kinds repaired and warranted. Twenty-five years experience. Leave orders with E. H. Thomas, 39 Second street, custom boot and shoe store.

H. M. WILLIAMS, Adjuster.

A FARM FOR SALE.

I offer for sale my farm upon which I now live, containing 150 acres, more or less, bounded as follows: Commencing with P. Marshall's farm at his northwest corner and running north to Coffee's line, thence east with Coffee's line on Hill City Turnpike, thence south to the Old Dirt Road, better known as the "Old Orangeburg Road," thence west with the Orangeburg Road, to the beginning, at Marshall's. 5d1m GEO. WOOD.

DR. PARIS WHEELER

Has returned from the Royal Veterinary College at Edinburgh, Scotland, and cures all classes of lameness or no charge. Has a blister from the French school that will not blanch. Office at Dauton Bros' stables.

For sale by Ballenger, the jeweler.

"A PAIR OF JACKS" entertained a large
crowd at the opera house last night. R.
G. Knowles—Judge Jack—is pronounced
the finest comedian ever in Maysville.

THE grand jury at Urbana, O., has in-
dicted J. Frank Smith and H. W. Mun-
ford for robbing Express Messenger Arch
Scudder last fall on a C., S. and C. train.

FOUR YEARS IN THE PEN

Is the Penalty Fixed by the Jury in
the Case Against Tobe Single-
ton—Other Court News.

The jury in the case of the Common-
wealth against Tobe Singleton agreed on a
verdict last evening about 7 o'clock. They
had been out most all the after-
noon, and the impression was quite gen-
eral that the trial would end as many
others have ended—in a hung jury. How-
ever, they finally agreed, and found the
defendant guilty of manslaughter. The
penalty was fixed at imprisonment in the
penitentiary for four years. Singleton is
one of the three negroes accused of kill-
ing one of their companions, Simon
Travis, last fall near the Standard Oil
Company's establishment in the West
End. The parties were returning from a
dance in the upper end of Charleston
Bottom. Travis' body was placed on the
C. and O. track in order to create the im-
pression that he had been run over and
killed by a train.

The position of the body, shoes and
hat led Dr. Owens and night policeman
Driscoll, who were the first to reach the
scene next morning, to suspect that the
man had been foully dealt with, and fur-
ther investigation established that as a
fact, Singleton, Hiram Stewart and John
Marshall were arrested, and accused of
the crime. They asked for a separate
trial and Marshall was acquitted last Oc-
tober. Stewart is in jail awaiting trial.

The Maysville Fair Company was ad-
judged guilty of suffering gaming on their
premises last fall and fined \$200 and costs.

The trial of Lewis Thompson for cut-
ting Richard Harris with intent to kill is
in progress. The cutting was done at the
Germantown fair grounds during the fair
last fall. Judge Deming, of Mt. Olivet
and Messrs. E. L. Worthington and G. W.
Adair are defending, and Mr. A. A. Wads-
worth is assisting the State's attorneys in
the prosecution.

Brief Paragraphs About Railways.

The L. and N. has re-appointed Lewis
Hood Superintendent of the K. C.

There are many indications that before
long the electric light will be the only
luminant employed on trains.

Professor Thurston, of Cornell, de-
cides it is mechanically practicable to attain a
speed of a hundred miles an hour in rail-
way travel.

Kansas has more miles of railroad than
all the New England States put together
—8,754 miles. Illinois alone surpasses
her with 9,000 miles.

Conductor Seamonds, of the Kentucky
Central, sports a very fine gold-mounted
lantern, presented him as the most popu-
lar conductor, as per vote at the pic-nic
given near Cincinnati last June by the
Locomotive Engineers.—Paris Kentuck-
ian.

MRS. ELIZABETH BEAN, mother of Cap-
tain W. W. Bean, well known here, died
a few days since at her home in George-
town, Ky.

It is said every farm in Helena precinct
is represented in the Kentucky Tobacco
Growers' Association to the amount of
ten shares of stock.

If you have anything to advertise that
appeals to well-to-do householders, you
can speak about it to about 10,000 people
every day through the EVENING BULL-
ETIN.

EXTRA inducements in prices are offered
by the Frank Owens Hardware Company
on their large stock of coal vases and fire
sets, and pearl and ivory-handle knives
and forks and plated spoons, to close out
the goods by Jan. 1st.

NONE of the solutions to the rebus sent
out by Ballenger, the jeweler, were cor-
rect. The nearest to a correct reading
were those sent in by a Mr. Fisher, of
Flemingsburg, and Mrs. Charles Nute,
Jr., also of Flemingsburg.

THE annual statement of the Deposit
Bank of Vanceburg shows that that in-
stitution is in a prosperous condition.
The assets now amount to \$106,890.04.
It has individual deposits amounting to
\$70,899.87, and its loans and discounts
to \$72,898.29.

THE Aberdeen Building and Loan Com-
pany's receipts last year were \$5,484.18,
and the loans on mortgages and pass
books amounted to \$3,460.40. A dividend
of 2 per cent. was declared for the last
quarter. The charter limits the number
of shares to 300, and 291 are taken.

THE Dover News says: "The little nine
months old daughter of Charles Cordry,
died suddenly Tuesday morning, Jan.
13th. The day before its death it was
very playful. Tuesday morning it was
taken with a spasm which never abated
until death came to its rescue."

THE Frank Owens Hardware Company
state that in order to close out as many
goods as possible by January 1st they
have reduced the price in all their fine
stock of goods, such as brass fire sets,
coal vases, fine carvers and forks, child's
knives, and spoons, fine table cut-
lery, &c., &c.

KILLING OF SITTING BULL.

The Particulars as Detailed by One
Who Was at the Scene the
Next Day.

Captain Chapin writes an interesting
letter to his uncle, Rev. D. D. Charin,
rector of the Church of the Nativity,
giving a thrilling account of the killing of
Sitting Bull, and the subsequent rescue
of the police from the friends of the
noted Indian Chief.

Captain Chapin is a surgeon in the U.
S. army, and was with Lieutenant Fec-
et's company of troops sent to aid in the
capture of Sitting Bull. Their timely ar-
rival on the scene no doubt saved the
police from being slaughtered by the
dead chief's followers. Mr. Chapin was
the only surgeon with the command, and
on reaching the scene of the fight he was
kept busy several hours caring for the
wounded. He says when word was
brought in that Sitting Bull had been in-
vited by the Pine Ridge Indians "to
come over and be their 'Big Man,'" Major
McLaughlin (Indian Agent) and Colonel
Drum arranged for the police to
arrest Bull the next morning (Monday)
about sunrise. Bull's camp was forty
miles distant, and the troops left the fort
at 12 o'clock the night before, in order to
reach the vicinity of the camp and be
near to aid the police. Speaking of the
arrest, Captain Chapin says:

"The fight between the police and
Bull's friends must have been awful, at
close quarters. The police got into Bull's
house before sunrise without making any
noise. He, at first, wanted to be obstre-
perous, but then said he would go. As
soon as they got him out doors, his squaw
began to scream and he to grunt in a
peculiar manner. One of his friends soon
ran out of another house near by (accord-
ing to one story) yelled 'Come, quick!
and bring your guns.' According to an-
other story, two bucks came up, wrapped
in white sheets. As soon as they were
close, they dropped their sheets and fired
from guns they had concealed. Catch-
the-Bear was the man who fired first. He
hit Bullhead in the leg, breaking the
bone. Bullhead (who was Lieutenant of
the police) was right along side of Sitting
Bull. He grabbed Sitting Bull as-
soon as he was wounded, and, steadying
himself that way, shot the old sinner
through the body. At the same moment
another policeman, Red Tomahawk, shot
Sitting Bull in the head. Bull's friends
had all come up by this time and the
fight was general, at close quarters. Most,
if not all, the casualties occurred right
here, and within fifteen minutes, and in
a circle of less than one hundred yards
in diameter. Then the police got posses-
sion of the house and stable, and drove
the others into the bushes. Besides Bull
seven or eight of his party were killed
and three badly wounded. All twelve
were bad men. Catch-the-Bear was killed
almost as soon as he fired."

The courier sent out by the police to
hasten the troops to their rescue made a
ride of forty-two miles in five hours.

Settled.

The Bering question, not the seal fish-
ery question, but the proper spelling of
Bering has been settled by the United
States Board of Geographic Names. This
Board has decided that the spelling
B-e-r-i-n-g and B-e-e-r-i-n-g is incor-
rect. The celebrated straits and sea were
named for the Captain Commander Ivan
Ivanovich Bering, who led the exploring
expedition sent out by Peter the Great.
THE BULLETIN is indebted to Professor
Hixson for this information.

type that is now used on the BULLETIN;
in comparatively good order. Price 10 cents
per pound. We also have about the same
quantity of nonpareil that we will sell at 8
cents per pound. ROSSER & MCCARTHY.

PLUNDERED BY PIRATES.

A Passenger Vessel Boarded Not Far From Hong Kong.

SAN FRANCISCO, Jan. 16.—The steamship Oceanic has arrived from China and Japan, via Honolulu. On Dec. 18 a farewell dinner was given at the Grand hotel in Yokohama, in honor of C. R. Greathouse, formerly United States consul general to Japan, prior to his departure for Korea, where he will act as adviser to the king.

The Douglas company's steamer Namoa left Hong Kong Dec. 10 for Swatow, with four European passengers and 250 Chinese passengers. When the ship was about five miles from Hong Kong she was taken possession of by about forty pirates, armed with revolvers, which they concealed while coming on board. Capt. Pocock was treacherously shot while parleying with the pirates, and Capt. Peterson, a passenger, was also killed.

The Malay quartermaster was killed and thrown overboard; two officers and two Malay quartermasters, a Chinese sailor and Chinese cook were wounded, and three Chinese passengers are said to have been stabbed while on board.

The Europeans, having no weapons at hand, were almost powerless. The pirates locked them all in the captain's state room. After ransacking the ship from end to end, the pirates anchored close to the island. The booty was put on board junks which came off from the island on signals being given. About 9 o'clock the ship was released, and was able to reach Hong Kong next morning. Photographs of the leader and several of the chief actors in the tragedy have been recognized, and the police and naval authorities are in pursuit of them. The plunder is estimated at \$30,000. Forty chests of opium which were on board were left untouched.

Nov. 27 the boat in which Miss M. M. Phillips, M. D., in charge of the hospital of the Southern Methodist mission at Swatow, and Miss Smithy, recently arrived missionary, were going from Shanghai to Foochow, was attacked by pirates. Their boatmen were wounded and the personal property of the ladies plundered. A gunboat was sent in pursuit of the pirates, but their capture has not been reported.

STOLEN BY GYPSIES.

A Lad Escapes After Remaining a Prisoner With the Band for Six Years.

ELKHART, Ind., Jan. 16.—Three months ago a boy giving his age as 12 years made his appearance at the home of Henry Weikel, a farmer near here, and stated that he had just escaped from gypsies who had stolen him from his home six years before and had kept him a prisoner ever since. Mr. Weikel came to town and reported the matter to Marshal Coleman, who questioned the boy and learned from him that he thought he had been stolen from Marion, Ind., and that his father's name was Hale. A letter was sent to the postmaster at Marion, with instructions to hand it to some person named Hale, and in response a letter came here Wednesday from the father of the boy expressing intense satisfaction over the recovery of the lost boy and inclosing money for a ticket for him, so the lad was sent to his home on the first train. The letter contained no particulars of the kidnapping of the boy.

Failure and Flight.

BRADFORD, Pa., Jan. 16.—The firm of Rich & Robinson, shoe dealers of this city and a branch store at Lima, O., failed three weeks ago. Their store was closed by the sheriff on judgments amounting to \$9,000. Yesterday it developed that the liabilities of the firm amount to \$90,000, and their assets barely foot up \$10,000. Both members of the firm have disappeared and their whereabouts are unknown. The firm was one of the largest in the oil region and their failure and the flight of Messrs. Rich and Robinson creates a sensation.

Child Fatally Burned.

CINCINNATI, Jan. 16.—While Freddie Pinkerton, aged 2, was playing near the grate, at the home of his parents, 15 Wilson street, at noon, his clothing caught fire. His screams attracted the attention of his mother, who was in the adjoining room. She rushed to his assistance, tore the burning clothes from his body, but not before the little lad burned fatally, it is thought.

Cuban Sugar and Tobacco.

HAVANA, Jan. 16.—The sugar crop of 1890-91 is expected to be one of the largest, if not the largest, ever gathered on the island. Only a small quantity of tobacco leaf has been cut so far in the Remedios district. If the weather is favorable, the growers will set out new plants in their fields in the place of those destroyed by drouth.

A Novel Suit Filed.

CRAWFORDSVILLE, Ind., Jan. 16.—Ted Connors, a policeman, of this place, has brought suit for \$5,000 against the Monon railway. He alleges that, while standing on the depot platform, a mail clerk threw from the train a heavy mail sack, which struck his foot, causing permanent injury. This is a novel case, as it will be attempted to show that the railroad company is responsible for the action of the mail clerks, who are employed by the government.

Banks Assign.

GROVE CITY, Pa., Jan. 16.—M. L. Zahniser, owner of the Citizens' bank, of Stoneboro, and cashier of the Sandy Lake savings bank here, made an assignment. The two concerns hold deposits made by the farmers in their vicinity. The Sandy Lake bank has deposits amounting to about \$75,000. The Stoneboro concern is a small one, and its deposits amount to only about \$15,000. The trouble is due to inability to realize on investments.

Maxwell and Shott Indicted.

CANTON, O., Jan. 16.—Dr. David P. Cantwell, one of the best known physicians of Canton, and Charles Shott have been indicted by the grand jury for performing a criminal operation upon Lillian Bordner, of Sundayville, which resulted in her death last month. The case attracted wide attention because of sensational features and the high standing of the parties.

WOOLING BY FLOWERS.

Once on a time, to woo a maid,
Three suitors sought her bower.
"Give me, I pray," the maiden said
To each, "thy favorite flower."

The lord he took a lily fair
That grew in regal pride;
"This flower put in thy raven hair;
"Twill suit a noble's bride."

The knight he plucked a rose and cried,
"This flower place on thy breast."
The bard a violet gave and sighed,
"Ah! near thee let it rest."

"Come back again at autumn tide
And meet me in my bower,
And ye shall learn," the maid replied,
"How fares it with each flower."

At autumn tide they stood once more
Beside the maiden bright;
Then from a vase the flowers she bore
And placed them in their sight.

The lily leaves were dull and strained,
The shriveled rose was dead,
The odorless violet fresh remained—
"The bard," she cried, "I'll wed."
—Cassell's Magazine.

How to Brush the Teeth.

In the first place one should have two brushes, one hard and one soft. The hard one should not be hard enough to injure the gums.

The water should be moderately hot, and should be held in the mouth for a minute or more before the brush is applied. This will soften the accumulations. Next take the soft brush and scrub the surfaces of the teeth vigorously, going over all parts "inside," "outside," and "on top," to use phrases commonly understood. After this has been thoroughly done, and the mouth rinsed out, the hard brush is to be used. Both brushes should have curved (concave) surfaces and serrated bristles. In using the hard brush hold it in the hand and rotate the wrist, thus brushing the surfaces of the teeth from the gums toward the cutting edges.

The mouth is held slightly open. This removes from between the teeth whatever was there at the outset and what has been crowded there by the ordinary action with the first brush. Even more thoroughness is required in this last procedure than in the first. It is between the teeth that decay is most likely to occur, and it is between the teeth that so few people succeed in cleansing. As a final safeguard waxed floss silk should be passed between all the teeth, and lastly the mouth sprayed with listerine dilution.

The teeth should be cleansed on retiring and arising, and if convenient after each meal. The first two are, however, the important hours. Thorough cleansing will do much to prevent decay. Though decay is caused by bacteria, it only results from the presence of fermentation. There can be no fermentation in a clean mouth.—New York Herald.

THE MARKETS.

Review of the Stock, Money and Cattle Markets for Jan. 15.

Wall Street.
